Willie emerged for breakfast -  
fairly soon after you had gone.

I feel like apologizing for his  
behaviour, but think, perhaps, for  
understand - He was just  
brooked with me when I mildly  
suggested that he had not been  
exactly polite. However, if you  
had his signature, he may be  
persuaded to go to N. J.

Always sincerely  
Frances and Hall -
